

Eligibility check

* indicates a required field

Eligibility criteria

The applicant must be a single entity acting as lead organisation, on behalf of partners who have agreed to collaborate to undertake eligible activities.

To be an eligible lead organisation the applicant must have an Australian Business Number (ABN) and be one of the following eligible entities:

- a company, incorporated in Australia
- an incorporated not for profit organisation
- a Publicly Funded Research Organisation (PFRO), defined as higher education providers listed at Table A and Table B of the Higher Education Support Act 2003 (Cth) and corporate Commonwealth entities, and State and Territory business enterprises, departments or agencies that undertake publicly funded research
- a Cooperative Research Centre
- an incorporated trustee on behalf of a trust, or
- an Australian State, Territory or Local Government agency or body

The delivery partners for the Global Science and Technology Diplomacy Fund – Strategic Element are not eligible to apply.

Eligible projects:

- must be led by one eligible Australian organisation
- must address at least one priority theme in Table 1, and
- must include at least one partner organisation domiciled and registered in a priority partner country in Table 1.

Table 1: Priority themes and partners (partners are not ranked).

Priority themes	Priority partners
Advanced manufacturing	Indonesia
Artificial intelligence	Malaysia
Hydrogen production	Singapore
Quantum computing	Thailand
RNA (including mRNA) vaccines and therapies	Vietnam
	New Zealand
	Japan
	The Republic of Korea
	Brazil

Eligible personnel:

Global Science and Technology Diplomacy Fund R1 EOI

Form Preview

The project lead (principal investigator or equivalent) on the Australian side must be an Australian citizen, Permanent Resident, or holder of a Special Category Visa (subclass 444) currently residing in Australia. However, other personnel do not have to meet this condition.

NOTE: additional eligibility information can be found in the [program guidelines](#). Applicants must review all eligibility criteria before submitting an application.

After reading all eligibility requirements and information, do you confirm the organisation is eligible to apply? *

- ☐ Yes
☐ No

At least 1 choice and no more than 1 choice may be selected.

Application ineligible

You have selected 'No', advising that the applicant does not meet the eligibility criteria.

Further information on project and applicant eligibility can be found in the guidelines on the [program website](#).

List any other partner countries collaborating on the project who are not on the priority partner list.

Brief overview of the project. *

Word count:
Must be no more than 300 words.

Describe how the project addresses program objectives. *

Word count:
Must be no more than 300 words.

Outline how the project will deliver broader national benefits. *

Word count:
Must be no more than 200 words.

Proposed project start date. *

Must be a date.

Proposed project end date. *

Must be a date.

Project partner information

* indicates a required field

Partner information

Projects must address at least one priority theme in collaboration with at least one identified priority partner. Multilateral activities can also include non-priority partners in addition to at least one priority partner.

Include information for every partner organisation collaborating on the proposed project, including those based in countries that are not in the priority partner list. To add more than one partner organisation, complete details and then select 'add more' at the end of the section.

For further information on priority themes and partners, refer to the guidelines on the [program website](#).

Project lead and partner contributions

Global Science and Technology Diplomacy Fund R1 EOI

Form Preview

Outline the remaining income budget for the proposed project, including cash and in-kind contributions from the Australian project lead and all listed project partners.

Do not include the requested grant funding amount in this income budget table.

This income budget table is to capture information from other project contribution sources that are separate to the Global Science and Technology Diplomacy Fund – Strategic Element grants.

Support letters from project partners outlining their contributions are not required at the EOI stage. However, should the applicant be invited to submit a full application, the supporting documentation will be requested at that point in the process.

Project partner organisation name	Contribution total	Project activities supported by partner contribution
	Include cash and in-kind project contributions. Must be a dollar amount.	Such as, in-kind labour and staff expenses, travel costs for non-Australian personnel, in-kind research activities, etc.
	\$	
	\$	
	\$	

Total project budget amount

The total project budget is the combination of all project contribution amounts (cash and in-kind) and requested grant funding.

Total project value

\$

This number/amount is calculated.

This is a combined total of the requested grant funds and other project income listed above.
