Project budget

* indicates a required field

What is the total amount of grant funding you are requesting? *

Must be a whole dollar amount (no cents).
Must not be more than $1,000,000. Include only the total amount requested from the program (do not include co-funding or contributions from other sources).

Budget upload

Please upload a simplified budget breakdown using the provided Excel template.

The uploaded budget should only include costs that will be covered by grant funding. Any project expenses covered by co-contributions from project partners, including the lead, should reported in the co-contribution income table below.

At this stage, only high-level budget information is required. Detailed breakdowns, including line-item expenses, will be collected during the full application phase.

Ensure your completed template is accurate, aligns with program objectives, and adheres to funding guidelines before uploading.

Project partner co-contribution income table

Please ensure the project co-contributions from all partners, including the lead Australian organisation, are listed in this table. Contributions may include cash or in-kind support and should be clearly attributed to the respective partner organisation.

Organisation name	Cash or in-kind contribution?	Estimated value	Description of contribution
		Must be a dollar amount.	

Total project value (calculated)

This field automatically calculates the total value of your project, combining the grant funding requested and the co-contributions provided by all partner organisations.

You do not need to enter any information in this field, as it is read-only and based on the data you have provided in the funding and co-contribution sections.

Total project value (calculated)

This number/amount is calculated.

Eligibility criteria

Eligible applicants

The applicant must be a single entity acting as lead organisation, on behalf of eligible project partners who have agreed to collaborate to undertake the proposed eligible activities.

To be an eligible lead organisation the applicant must have an Australian Business Number (ABN) and be one of the following eligible entities:

- a company, incorporated in Australia
- an incorporated not for profit organisation
- a Publicly Funded Research Organisation (PFRO), defined as higher education providers listed at Table A and Table B of the Higher Education Support Act 2003 (Cth) and corporate Commonwealth entities, and State and Territory business enterprises, departments or agencies that undertake publicly funded research
- a Cooperative Research Centre
- an incorporated trustee on behalf of a trust, or
- an Australian State, Territory or Local Government agency or body

The delivery partners for the Global Science and Technology Diplomacy Fund – Strategic Element are not eligible to apply.

Eligible personnel

The project lead (principal investigator or equivalent) of the Australian lead entity must be an Australian citizen, permanent resident, or holder of a Special Category Visa (subclass 444) currently residing in Australia. However, other personnel do not have to meet this condition.

Eligible projects

- must be led by one eligible Australian organisation
- must contribute to one primary priority theme in Table 1, and
- must include at least one priority project partner organisation domiciled and registered in a priority partner country in Table 1.

Eligible priority project partners must:

- be legally recognised entities domiciled and registered in a priority country in Table 1.
- not have their headquarters or main office located in Australia.
- must be legally recognised entities registered in a priority partner country listed in Table 1.

Additional project partners

Projects may include additional partners domiciled and registered in Australia or non-priority partner countries. While these additional partners may contribute to the project, they cannot fulfil the requirement for a priority project partner. For example, an Australian university's campus in a priority partner country could be an additional partner but would not meet the eligibility requirements as a priority project partner due to the university's main office being in Australia. All project partners must be unrelated entities to the lead Australian organisation.

Projects that involve states, organisations, or individuals listed on United Nations Security Councils (UNSC) and Australian Autonomous Sanctions regimes, World Bank Listing of Ineligible Firms and Individuals, UNSC Consolidated List and Australian Government Consolidated List are **not** eligible.

For further information on eligibility criteria, refer to the program guidelines on the GSTDF-SE website.
